**Book Grant Facilities:** The Student Welfare subcommittee of Government Girls' General Degree College, founded in 2016 is dedicated for ensuring the social welfare of students from various backgrounds. Members of the subcommittee take every possible effort to provide financial assistance (from the college fund) to all minority and non-minority students in order to eliminate the social, cultural, and economic barriers.

Financial assistance is provided to the needy and meritorious students for purchasing books and other necessary study materials after their admission to the College in Semester I/ First Year. The students apply in plain paper addressing the Principal of the college explaining the need for the grant. Based on family means and marks obtained in the 10+2 level examinations, candidates are chosen in an interview for the Book grant conducted by Students welfare subcommittee members in the presence of the Principal and the IQAC Coordinator. The amount of the Book Grant varies among the selected individuals depending on their needs and family income. The grant provided by the college allows students to purchase books, necessary study materials, or both.
